Insert notes as footnotes (not as endnotes), using your software's built-in footnotes feature. Footnotes should be numbered consecutively in Arabic numerals. Do not use your software's automatic hyphenation feature, and do not manually hyphenate words at the end of lines. To emphasize words, use italics.

Do not use underlines and bold letters.

Use straight quotation marks (""") instead of curled (""", """) or French («») quotation marks.

Do not include additional blank lines between paragraphs.

Set up the document in A4 format.

#### STYLE GUIDE

For the preparation of bibliographic references, captions, quotations, etc., please consult our Editorial Rules (available in Italian: Norme Editoriali)

#### ILLUSTRATIONS

In the main text, please include references (Fig. 1, Fig. 2, etc.) to the illustrations.

The number of illustrations should not exceed 1 per 2000 characters. Please also send a numbered list of captions, corresponding to the sequence of images in the text. Please deliver separate image files, preferably JPEGs (\*.jpg) in high resolution (300 dpi).

#### PEER REVIEW

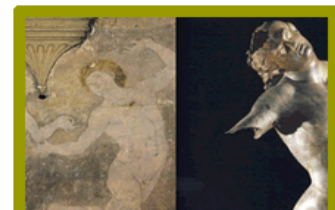

Manuscripts that qualify for closer consideration undergo a double-blind peer-review process by at least two experts. Peer reviewers are selected by the editors of PREDELLA. Authors are kindly asked to prepare their manuscripts for blind review. In particular, any first-person references to their own publications should be removed. If an article is accepted for publication, the names of the approving reviewers will be published as well.

#### LICENSE

Unless otherwise arranged with the author, articles are published under the terms of the Creative Commons License CC-BY-NC-ND 3.0.

#### COPYRIGHT

It is the author's responsibility to obtain written permission to reproduce copyright-protected material in her/his article. Please be aware that both works of art and photographs of works of art may be under copyright. Written permissions must be obtained before publication of the article. Authors are strongly encouraged to procure images and permissions as early as possible.
