Doctoral dissertation submitted to obtain the degree of
Doctor of Sciences: Biology, to be defended by

Laura Coninx

DOCTORAL DISSERTATION

Zn transporters and their
role in Zn homeostasis and
tolerance mechanisms in the
ectomycorrhizal fungus *Suillus*
luteus

Promoter: Prof. Dr Jan Colpaert | UHasselt
Co-promoters: Prof. Dr François Rineau | UHasselt
Dr Joske Ruytinx | UHasselt

Zn transporters and their role in Zn homeostasis and tolerance mechanisms
in the ectomycorrhizal fungus *Suillus luteus*
