Context

Hasselt University as a *civic university*

- educate students to tackle complex societal challenges
→ multi-, inter- and transdisciplinary education needed

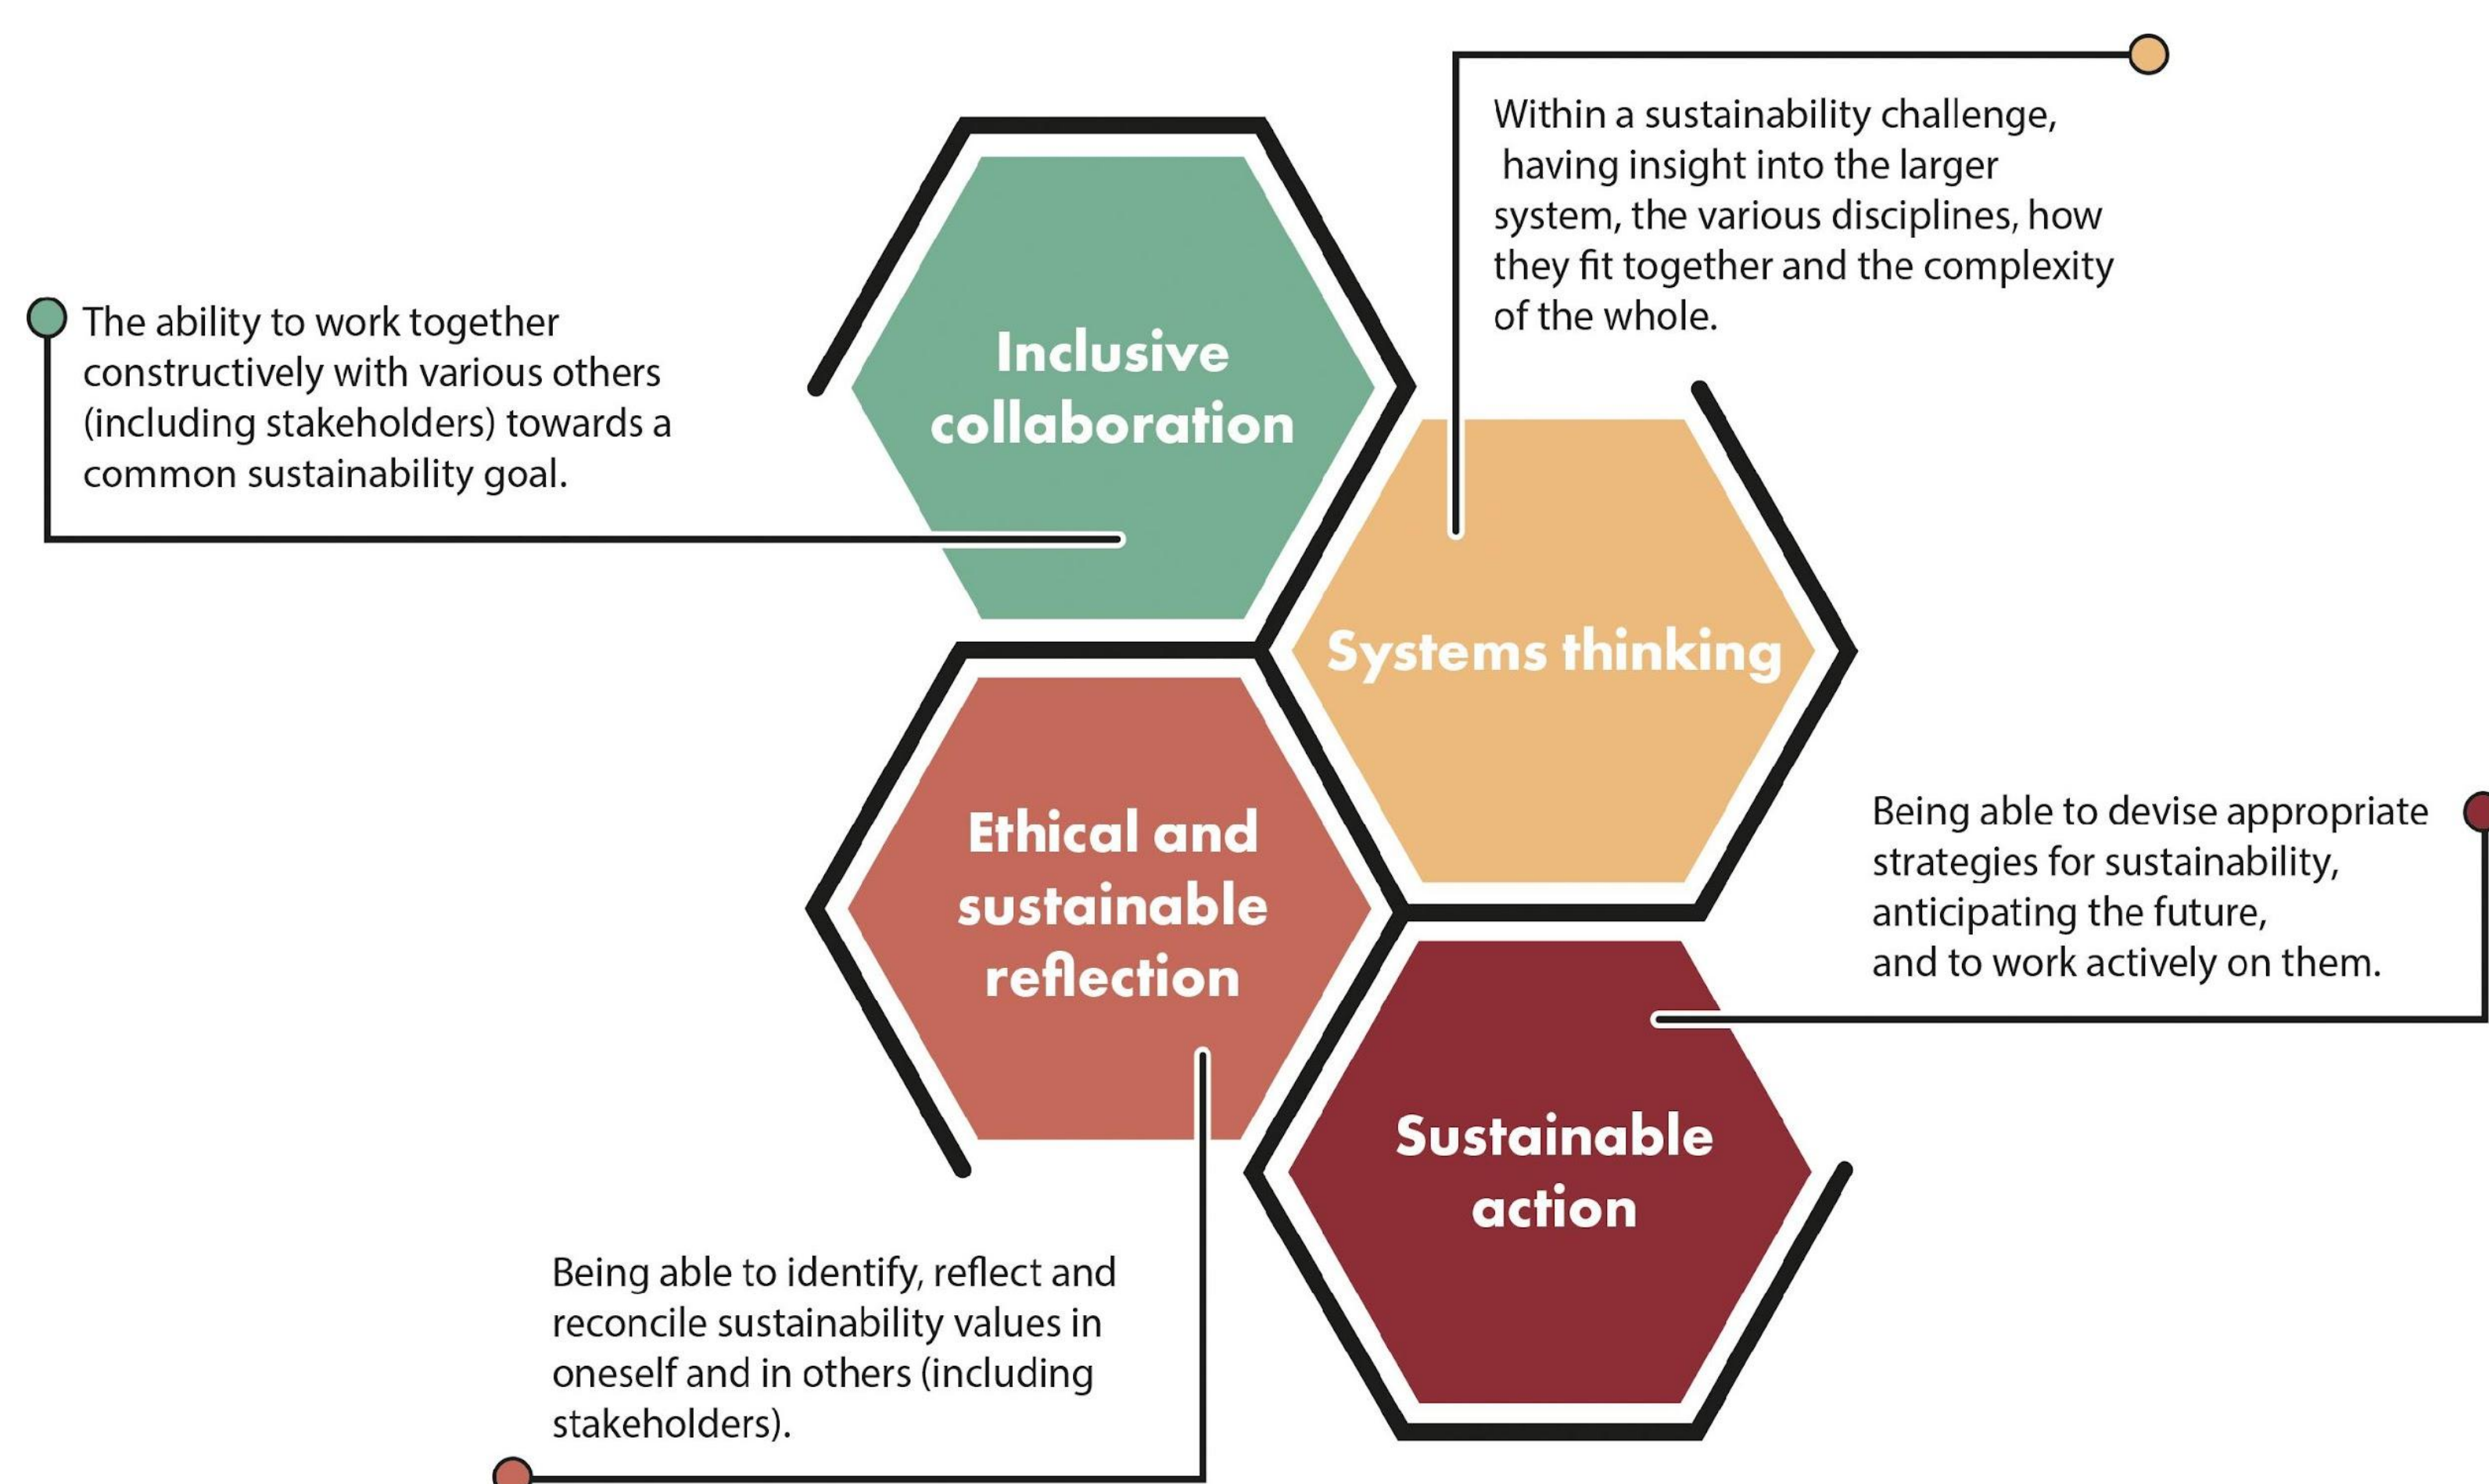

T-shaped professionals

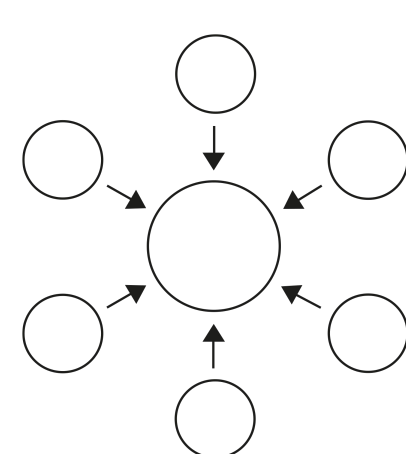

University-wide sustainability competencies framework

Implemented in all curricula
by 2029

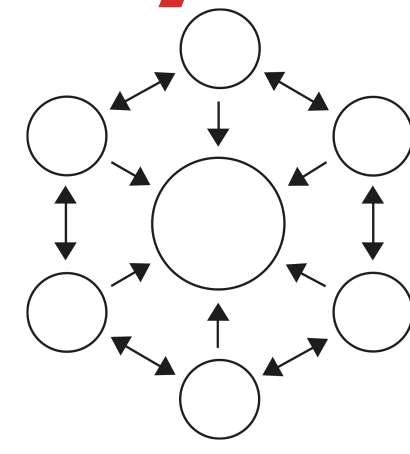

Multi-, inter- and transdisciplinary education: what's in a name?

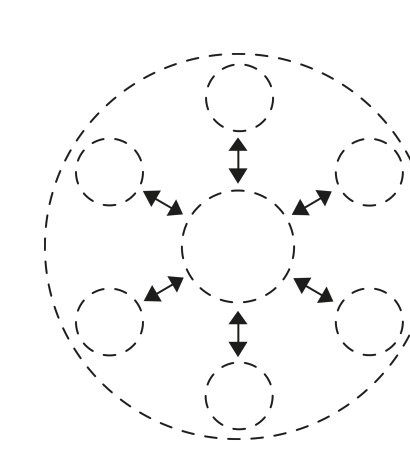

Multi-layered description

1. Learning outcomes of students
2. Position of disciplines
3. Degree of integration

4. Degree of collaboration
5. Topic at hand
6. Outcome

Implementation

- Professionalisation of teachers
- Online toolbox
- Tailored support and advice
- Monitoring of implementation

Discussion

- How can we assess if the students have acquired these competencies?
 - Criteria? Tools?
- How can we stimulate the involvement of the working field and broader society in our education?
